## FAVOR CLOTURE.

A REPUBLICAN SENATOR DEBATES HIS COLLEAGUE'S POSITION.—THE SENATE VOTES FOR THE UNCONDITIONAL REPEAL BILL.

WASHINGTON, Oct. 24.—"I believe the greater number of republicans in the Senate are for cloture after a reasonable time has been spent in debate," said Senator Aldrich Monday evening.

"There are perhaps not more than a dozen who would vote against such a change in the rules, but the majority, I think, will sign my request addressed to the vice-president if they believe that cloture should come in the regular session."

Senator Aldrich denied a story that he has been going the rounds that the republicans had offered the southern senators a compromise if they would hold out for another week. "The republicans of the Senate," said Mr. Aldrich, "except those who are from the silver states, are here to vote for the unconditional repeal of the Sherman act."

What they expect to do, and any statement that they will be a party to a compromise is untrue, and grows out of a misconception as to the attitude of the republicans in connection with this subject."

## THE JERSEY CENTRAL

GIVES THE JERSEY CENTRAL A BIG DEAL IN EASTERN LINES.

NEW YORK, Oct. 24.—The capitalists who own the New Jersey central railroad have almost secured control of the Lackawanna, Lackawanna and Western, and at the annual meeting, in February, will enter into complete possession.

With their recent purchases they thus control a very considerable portion of the capital stock, which is only \$20,000,000.

## RECIPROCITY.

CANADA TO BE ASKED TO CONSIDER IT BY THE END OF THE MONTH.

MONTRÉAL, Quebec, Oct. 24.—The U. S. government is about to make overtures to Canada for a reciprocity treaty between the two countries. Edward Gurrer, formerly editor of the Toronto Globe and the Toronto Mail, is in Montreal to tell the foreign Canadian Question. He has been sent by Mr. Gathwaite, who Secretary Carlisle, and is a paid employee of the American government. Mr. Gurrer states that there is an earnest desire on the part of the democrats to conclude a reciprocity treaty with Canada, which would include natural products, coal, lumber, corn, barley, and probably fish. Mr. Gurrer, while in Canada, will see the railroads' managers with the object of having the matter brought up in the next session of the Canadian parliament.

Election November 5th.

The Sherman act will be repealed, in a few days—perhaps to-morrow

WANTED:—Every Democrat in Lawrence county to go to the polls on Tuesday, November 7th.

The Republicans are making a desperate effort to carry the Republican State of Ohio this year, and may succeed in doing it.

The revision of Webster's dictionary should have been postponed until now. "Senatorial dignity" as she truly is, does not appear in the last edition.

Grover Cleveland has never yet made a mistake. He is sometimes condemned by persons who cannot see far enough to fathom his acts, but time always proves him correct.

A Pennsylvania couple with romantic notions were married recently at the mouth of the Cave of Winds, Niagara Falls. Some newspaper suggests that they might just as well have been married at the door of the United States Senate.

The State has purchased the chair manufacturing plant of the Mason & Foard Company, and it is expected that a considerable portion of the convicts will, in a short time, resume work, as the making of chairs furnishes employment for several different classes of artisans.

The State Senator who will be elected this fall in every district in Kentucky has equal chances of a two-years and a four-years term. Half of them will necessarily hold two years and the other half four, and the law provides that the matter shall be settled by lot after the Senate assembles.

At a mass-meeting held at Versailles, Ky., a resolution was adopted increasing the position of the Administration in the matter of the Repeal Bill and calling upon the Kentucky Senators to use their influence to bring about a vote in the Senate. Versailles is the home of Senator Blackburn.

A statement of exports of the plato from Wales during the nine months ended September 30 shows that, despite the McKinley tariff, the United States still receives nearly three fourths of the entire export product of Great Britain. The exports to the United States for the period stand at 212,341 tons, against 211,575 tons during the corresponding period of last year.

Good times are steadily increasing throughout the country and with the big boom which the repeal of the Sherman law will give in a few days, will soon be going as merrily as could be expected. Then when the tariff is reformed, the Federal election laws repealed, and other Democratic measures accomplished, will the party be on the high road to success and prosperity.

Caleb H. Brinkley, Jr., Assistant U. S. Distiller Attorney for Oklahoma Territory, will succeed the incumbent as District Attorney.

Republican manufacturers who closed down for the "hard times" are showing their insincerity by resuming work at reduced wages for their workingmen and selling their products at the same old prices. Nevertheless, they tell their working men that they are compelled to reduce their wages because because the Democrats are in power. A laborer who can't see the liability of the move is a dull piece of mechanism.

Chief Justice Bennett has delivered an opinion in Kentucky Court of Appeals, reversing the decision of the lower court in the case of the Commonwealth vs. W. W. Murphy, of Lebanon. Murphy was indicted for giving away liquor on election day at night, and the Circuit Judge ordered his acquittal. Judge Bennett holds that the law says intoxicating liquors must not be sold, loaned or given away on election day, being construed to mean the whole twenty-four hours.

Notwithstanding the reports to the contrary for several days, President Cleveland and his cabinet are not in favor of any compromise, but stand positively for the unconditional repeal of the Sherman act, as it stands to their praise. The result is that the free silver men have weakened, and a vote will be decided in a very few days, and the act will be repealed. The condemnation poured upon the heads of the Senate, from all parts of the country, for their dilatory proceedings is the most severe ever witnessed in this country. The people are demanding a change in the anticipated, "dignified" rules of the Senate, a change of Senators, and a change in the manner of electing members of that body. The spectacle of a minority virtually controlling the majority is one not relished by the people of this republic.

Two weeks from to-day the second of the regular November elections in Kentucky will be held. The chief danger against which the leaders of the State press meet is to warn of their old-time enemy—apathy. If Jones, of Barren, is re-elected to the Senate, if Bennett of Greenup, again comes to the House; if Republicans or Populists are allowed to gain defeat, any of the good Democrats for these offices it will not be because of any growth in their parties, but because of their zeal, and the lack of such quality among the Democrats, who should go to the polls, and exercise their right to vote, with the same zeal they will use in denouncing the public actions of men they were too lazy to help defeat. It is important that all Democrats in Kentucky vote in the election of Representatives and Senators because in these cases Democratic votes count.

Wm. Stewart Jr. is going to W. Va., with his canoe mill in a week or so. He says he has two or three large patches of cane to make over there.

Bill Murley has sold his soughum machinery, also his lease. Roll Estep bought one. Pierce Stansly the other.

Hiram Lambert, of Vessiss, was here this week sawing his entire farm in wheat, only received his order.

Chris Savage has purchased two more hounds and a shot gun. He said the foxes was eating his corn up.

Wm. Stewart Jr. is going to W. Va., with his canoe mill in a week or so. He says he has two or three large patches of cane to make over there.

Geo. H. Fannan is running a buckster wagon from this place to Ashland. Making two trips a week.

John S. Tholm was here last week on the hunt for fat hogs, but not finding enough to suit him went on rejoicing.

Wishing the NEWS success and the Democratic ticket to be elected.

WANTED:—Every Democrat in Lawrence county to go to the polls on Tuesday, November 5th.

Two young married men in the Salem excursion to Newport last week, says the Salem Journal, played a rather sweet joke on their wives. Before entering the long tunnel at Elk City each was sitting with the other's wife. They agreed to exchange seats in the long tunnel, and each kis his own wife. Well, they did not agree. One of the young women screamed terribly and attracted the attention of the whole car, and all had heartily laughed at her expense when the light broke in upon her, resulting in her and her husband's arms. The other one kept perfectly still, and she and her husband had a good laugh on each other when the light broke on them. She said she did not know but what it was her own husband, and did not want to give it away if it was not.

Although contracts expire the last day of October the Exposition company will be in control of the grounds and can clean up every concession if it sees fit. For this reason terms will have to be made before business can be transacted. The Ferris wheel probably will remain an attraction on Midway after other attractions are gone.

It seems to be a settled fact that the entire Democratic ticket will be elected, so far as this end of the country is concerned.

On the Midway there probably will be many exhibits which the fair officially closes. The Japanese, Dahomeys, Samoans, and like attractions, the people in which are unaccustomed to cold weather, are already anxious to go.

### Bread Made With Soap.

From a communication read to the Association of Belgian Chemists, it seems that Continental bakers are in the habit of mixing soap with their dough to make their bread and pastry nice and light. The quantity of soap used varies greatly. In fancy articles, like waffles and fritters, it is much larger than in bread. The crumb of the bread manufactured by this process is said to be lighter and more spongy than that made in the ordinary way.

You ought not to expect dead people to subscribe: "The Mayfield Mirror has decided not to publish obituaries for people who do not publish obituaries for people who do not like to take that paper. It very sensibly says that the paper belongs to those who subscribe for it, and it would not be fair to them to take up their space by obituaries for families who do not take the paper. And it often happens that the very people who are subscribers write the longest obituaries and lack on the stereotyped poetical effusion. If all papers would follow the Mirror's example there would soon be an obituary revolution."—Paducah Standard.

There is no better medicine for family use than Ayer's Catarrh Pills. Their sugar-coating makes them easy and even agreeable to take, and as they contain no emetic or other injurious drug, they are perfectly safe for patients of any age.

Every Democrat should have the interest of the party sufficiently at heart to go to the polls next Tuesday week, and to urge every Democratic neighbor to go.

LOST:—A three-year-old bull, will weigh about 300 pounds and is of a yellowish color. Person returning same to J. Q. Luey will be handsomely rewarded.

FIND:—Somewhere in Louisa, a gold locket watch charm with J. W. M. S. engraved on it, and with the pictures of two babies on the inside. Finder will please leave the postoffice.

ROBBERY:—The masses of the people in Boyd county are enthusiastic over Charley Williams' candidacy. Boyd county lost two Charleys out for the Legislature this year, but our Charley is the people's favorite.

The office of Superintendent of Schools is in bad one to ill satisfactorily, and hence the danger of making a mistake in voting for a candidate for the office. Vote for Stuart and you will make no mistake.

The report that Dr. Berry will remove to Ashland soon is not true. He is compelled to give up his house in a short time, but he will remain a citizen of Louisa until his term of office as Superintendent of Schools expires.

Another party went to the World Fair Saturday. We venture the assertion that Louisa has sent as many people to the exposition as any town of its size in the country which is located as far away from Chicago.

Being a lawyer of ability and a good speaker Hon. Bud Roe is well equipped for the duties of State Senator. He is not only able to frame a law, but to advocate it. This is the kind of representation we need and want. Vote for him.

Mr. George Washington Castle of Louisa, Superintendent of the Dies, Plates and Bolts in the Bureau of Engraving and Printing, will leave for home to-morrow to make arrangements for bringing his family to Washington.—Courier Journal at 25.

Polly Farley, of Louie, has obtained the re-issue of her widow's pension.

Ferris Wheel at Spencers the grocery on exhibition for everybody to see.

Quite a drove of mules and horses crossed the river into West Virginia Tuesday.

Mr. and Mrs. E. R. Westhake, of Boston, Mass., are here to spend most of the winter.

Sullivan &amp; Kise handle the Bulk Oysters, the newest in the market. Come and see them.

The little fifteen-month-old daughter of Jas. Simpson died Wednesday of fever.

The largest stock of groceries ever brought to Louisa will be here this week for Spencers.

Flour from the best in the market to the lowest grade at cut prices at the Louisa Milling Co.

WANTED:—Every Democrat in Lawrence county to go to the polls on Tuesday, November 7th.

Don't you want an experienced man for County Commissioner? Then you must vote for Shortridge.

The last teacher's examination for the year will be held the first Friday and Saturday in November at Fallsburg.

The county needs a man experienced with its business affairs in the office of County Commissioner. Vote for Shortridge.

Charley Woover was here a few days ago joking with the voter. I thought he is joking about the legislature.

Highest of all in Leavening Power.—Latest U. S. Govt Report.

Big Sandy Crops.

Reports from most all over the country are to the effect that crops were ruined by the drought, but in the Sandy valley we have the best crops that we have had for many years. This fact reminds one that a crop failure in this valley is almost an unknown occurrence. These are the match games the State College team has played this year. The next game is one with Centre College at Danville, Sat. Oct. 28. This is expected to be the hardest game ever played in Kentucky.
